

INFORMATION SHEET FOR PARTICIPANTS

THIS VERBAL SCRIPT WILL BE PRESENTED TO CHILDREN WHEN THEY COME TO THE FIRST MEETING AND BEFORE THEY HEAR THE CONSENT SCRIPT

We have spoken to your parents (or guardian) and they have said that's it is OK for you to play with me (show picture 1). Now we need to ask whether you want to play with me. If you have any questions, you can ask me at the end and I will try to explain.

If you agree to play with me (show picture 2), I will ask you to come and see me three times at school/home. Each time, we will look at patterns, and we will also look at pictures and try to find names for them in Polish and in English (show picture 3). We will also listen to stories and you'll help me to choose some good words to finish them. And I'll ask you if you can wear a microphone. Each time you come to see me, you'll stay here for as long as you stay in your lesson at school. Okay? (show picture 4).

We will see other children at school (show picture 5) but we won't tell them what you said, and we won't tell you what they said (show picture 6). Okay?

You coming here to play with me will help me to understand how to help other children learn better at school. **BUT** you don't **need** to work with me if you don't want to. And if you want to leave the room because you are tired, or you change your mind about working with me, you just need to tell me. Is that okay? Is there anything else you want to know? Do you have any questions?
