## Opportunity to take part in a research project

- Has COVID-19 had an impact on the way you use this youth centre?
- Would you like to share your views and contribute to research?

My name is Joe Bloggs and I am researcher from King's College London, carrying out a study into how COVID-19 has affect youth centres and would be interested to hear your views.

Participating in the research means I would watch some of your interactions with youth workers and with your peers as you go about your normal activities. In addition, I may invite you to a 30-minute interview, which I will audio-record, about your views on the impact of the Covid-19 crisis on the youth centre.

If you are interested, please send me an email at:
